

The diagram illustrates a mechanical assembly in a cross-sectional view. A central vertical shaft (10) is the primary component, passing through a housing (11). The shaft is connected to a lever arm (15) which is pivoted on a support (16). The lever arm is linked to a horizontal rod (20) that passes through a series of components including a spring (21) and a valve seat (22). The assembly is secured with various bolts and nuts (23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34). The diagram is labeled with numerous numerical identifiers (10-34) pointing to specific parts.
